Interpretation:	Internal	External	Structural
Backfill of barrel vault, probably either when it goes out of use in the pre-Georgian period or as part of the 1760s redevelopment appears to just have been dumped in - rapid infilling. Backfill is actually after demolition/rotted cut [3094], marking the destruction + disuse of barrel vault [3003]. Backfill also extends out of [3003], through door on southern side.
