Interpretation:	Internal	<u>External</u>	Structural
<p><i>A</i> <del>cut</del> A posthole cut, very shallow, only recorded at the very bottom of the cut, was not picked up earlier. Part of a series of stake holes running in the E-W direction along the southern lot of area C. The posts were most likely a part of a structure that supported the Georgian footing - <del>post</del> stakes were used as part of a supporting structure for the footing.</p>
